

JEET CHAVAN

Computer Engineer . Developer . Problem Solver

Mumbai, India | jeetnchavan02@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

SUMMARY

Computer Engineering student at Fr. CRCE, Mumbai, with hands-on experience in full-stack development, student leadership, and event operations. Focused on building practical solutions from civic tech platforms to AI-powered web applications.

EXPERIENCE

Sponsorship & Budget Head TEDxCRCE | July 2026– Present

- Spearheading sponsorship acquisition and budget operations for a campus Internship Expo, overseeing resource allocation across an event with 400+ student participants.
- Designed and delivered a resume-building workshop for 150+ students

Workforce Member GDSC CRCE | Sep 2024 – Aug 2025

- Contributed to organizing flagship college events including Bit N Build, a 24-hour hackathon, and Unplug by the Beach.

Event Management Intern Medivision Events | Aug 2024 – Sep 2024

- Coordinated vendor operations, guest registrations, and on-ground logistics for a 250+ attendee radiology conference at Lokmanya Tilak Hospital, Sion.

Class Representative Fr.CRCE | Aug 2024 – Present

- Liaison between faculty and a class of 70+ students for 3 years, managing communication, grievances, and administrative coordination.

Campaign Coordinator Dilaasa CEHAT | Jun 2025–Dec 2025

- Led a UNICEF-affiliated awareness campaign on digital violence against women; received BMC trophy and certificate of appreciation.

PROJECTS

AutoFair | Fare Verification System

- OCR + GPS-based system to detect auto-rickshaw overcharging and generate evidence for complaints.
- Built under HOD mentorship with RTO consultation for regulatory accuracy.

Aegis Intel | Misinformation Forensics

- Solo-built claim verification engine combining Naive Bayes + Groq LLM to produce a 0–100 credibility score.
- Deterministic vote-trace architecture classifies content as Verified / Suspicious / Manipulated.

SenseAll | Accessibility Platform

- Multimodal platform supporting ISL recognition (18 gestures) speech-to-text, Braille, and haptics.
- Browser-based inference via MediaPipe + Roboflow CNN fallback for privacy and low latency.

EDUCATION

B.Tech Computer Engineering · Fr. CRCE · 2024 – 2028 · 8.4 CGPA

HSC · Pace Junior College · 2024 · 73.61% | ICSE · Jamnabai Narsee · 2022 · 80%

SKILLS

Languages: JavaScript · TypeScript · SQL

Frameworks & Backend: React · Node.js · Express.js

Databases: MongoDB · Mongoose

AI/ML & Computer Vision: MediaPipe · Tesseract.js

Tools: Git · Vite · Tailwind CSS
